Isle of Man Wildlife Tours

Each tour will visit a variety of wildlife locations in either the north or south of the Island. With the knowledge and experience of our guides, we should be able to show you the best wildlife encounters available. Our tours are designed to be relaxed, friendly and fun. We only take small groups of people so you will receive an individual service. Transport will be provided.

Hen Harriers

Basking Sharks

Orchids

Grey Seals

1. The Ayres

During the summer Common Lizards sunbathe at specific locations. A walk along the beach could provide sightings of migratory birds such as Sandwich Terns and marauding Arctic Skuas. Out to sea there are regular sightings of plunge diving Gannets, Manx Shearwaters and Grey Seals.

2. Ballaugh Curraghs

This wetland is home to a winter roost of Hen Harriers and we can watch the harriers as they return after a day's hunting. Thousands of orchids carpet the meadows in the early summer.

3. Peel

The harbour is one of the best places for getting close to Grey Seals. Peel Bay is also excellent for Basking Sharks, you may even be lucky and see them in courtship behaviour.

4. Niarbyl & Glen Maye

Niarbyl has a fantastic coastal landscape with stunning sea views. At Glen Maye you can listen to warblers or stand beside a magnificent waterfall. A short walk to the coastal headland may provide dolphin and whale sightings.

5. The Sound

A great place to see large numbers of seals and many bird species including Chough, Raven and Gannet. With your guide's help you may even spot a Basking Shark.

6. Ramsey

Ramsey is home to a variety of different species during the winter, including Little Grebe, Goldeneye and Kingfisher.

7. Maughold

From the headland you may see a Peregrine Falcon swooping for its prey or seals swimming between the rocks.

8. Ballaglass

Ballaglass Glen is a beautiful mature woodland which is awash with bluebells during spring. Take a walk beside the flowing river as the woodland birds sing.

9. Laxey

Minke Whales and Harbour Porpoise can be seen from the headland as they swim close to shore to feed on the herring.

10. Derbyhaven & Langness

Langness is a beautiful setting to watch Rissos Dolphins as they leap from the water. Wildfowl and waders arrive during the winter, including Brent Geese, Curlew and Wigeon.

Who knows what else you'll discover during our tour !

Whales & Dolphins

Chough

Important Information

Enjoy a guided driven tour to some of the best natural sights on the Isle of Man. Guests will normally be collected outside the main doors at the Douglas Sea Terminal, drop off points are flexible. Most weekend day trips will start at 10:00am and midweek evening trips at 5:30pm. Occasionally we can provide midweek day trips depending on demand and the availability of a guide.

For groups of 4+ we can collect and drop off at a location of your choice, anywhere on the Island. Maximum of 6 places per trip, so spaces are limited.

There will be a food break on all trips. You can purchase refreshments on route or you can bring a packed lunch if you prefer.

Please wear suitable footwear for countryside paths and prepare yourself for changeable weather, with warm and waterproof clothing. Bring binoculars if you have them. It is felt that these trips would be unsuitable for children under 6 and under 16s must be accompanied by an adult. No pets are allowed.
